Wild learner

## LANGUAGES

English      Kiswahili      Giriama

## ABOUT ME

Hello! I am a Software engineering student. My current area of expertise is full-stack web development, where I create scalable and high-performing web applications using JavaScript frameworks like Node.js, Express.js, and React in conjunction with MongoDB database. I also have a vast experience working with Microsoft Office packages. I am very passionate about writing quality tested and maintainable code. I am excited to gain professional experience to impactful projects and become a software developer.

## EDUCATION

2021 – 2025:      Bachelors of Science in Software Engineering, Murang'a University of Technology.
